PLAINSMAN Clays

Medicine Hat, Alberta

Celebrating Masters of Ceramic Craft

Jeremiah and Micah produce their distinctive line of pottery full-time at Pridham Studio. Owners since 2011, they are a production team. Working in both earthenware and stoneware bodies Jeremiah throws mugs, bowls, vases and spoon rests and makes a wide range of hand-built slab pieces from small side plates to large serving bowls. His pieces demonstrate sensitive attention to detail and technical precision. Micah hand-paints each piece, front and back, using quality glazes. Jeremiah and Micah love the subtlety of abstract design and the power of colour - these are the hallmark of their "Slow Cool" series.
