Medicine Hat, Alberta
Celebrating Masters of Ceramic Craft

Established in 1968, Okanagan Pottery features the stunning creations of award winning potter, Peter Flanagan. In collaboration with his wife and partner, Daphne, their work reflects an aesthetic that is both of the moment, yet timeless. Beauty and function are seamlessly integrated into each exquisite design.

"With a vision to engage both visual appreciation and tactile pleasure, the work continues to excite a passion for discovery and expression. Collaboration in design, process, and aesthetics with my partner Daphne has been a constant dialogue since our art school days."
